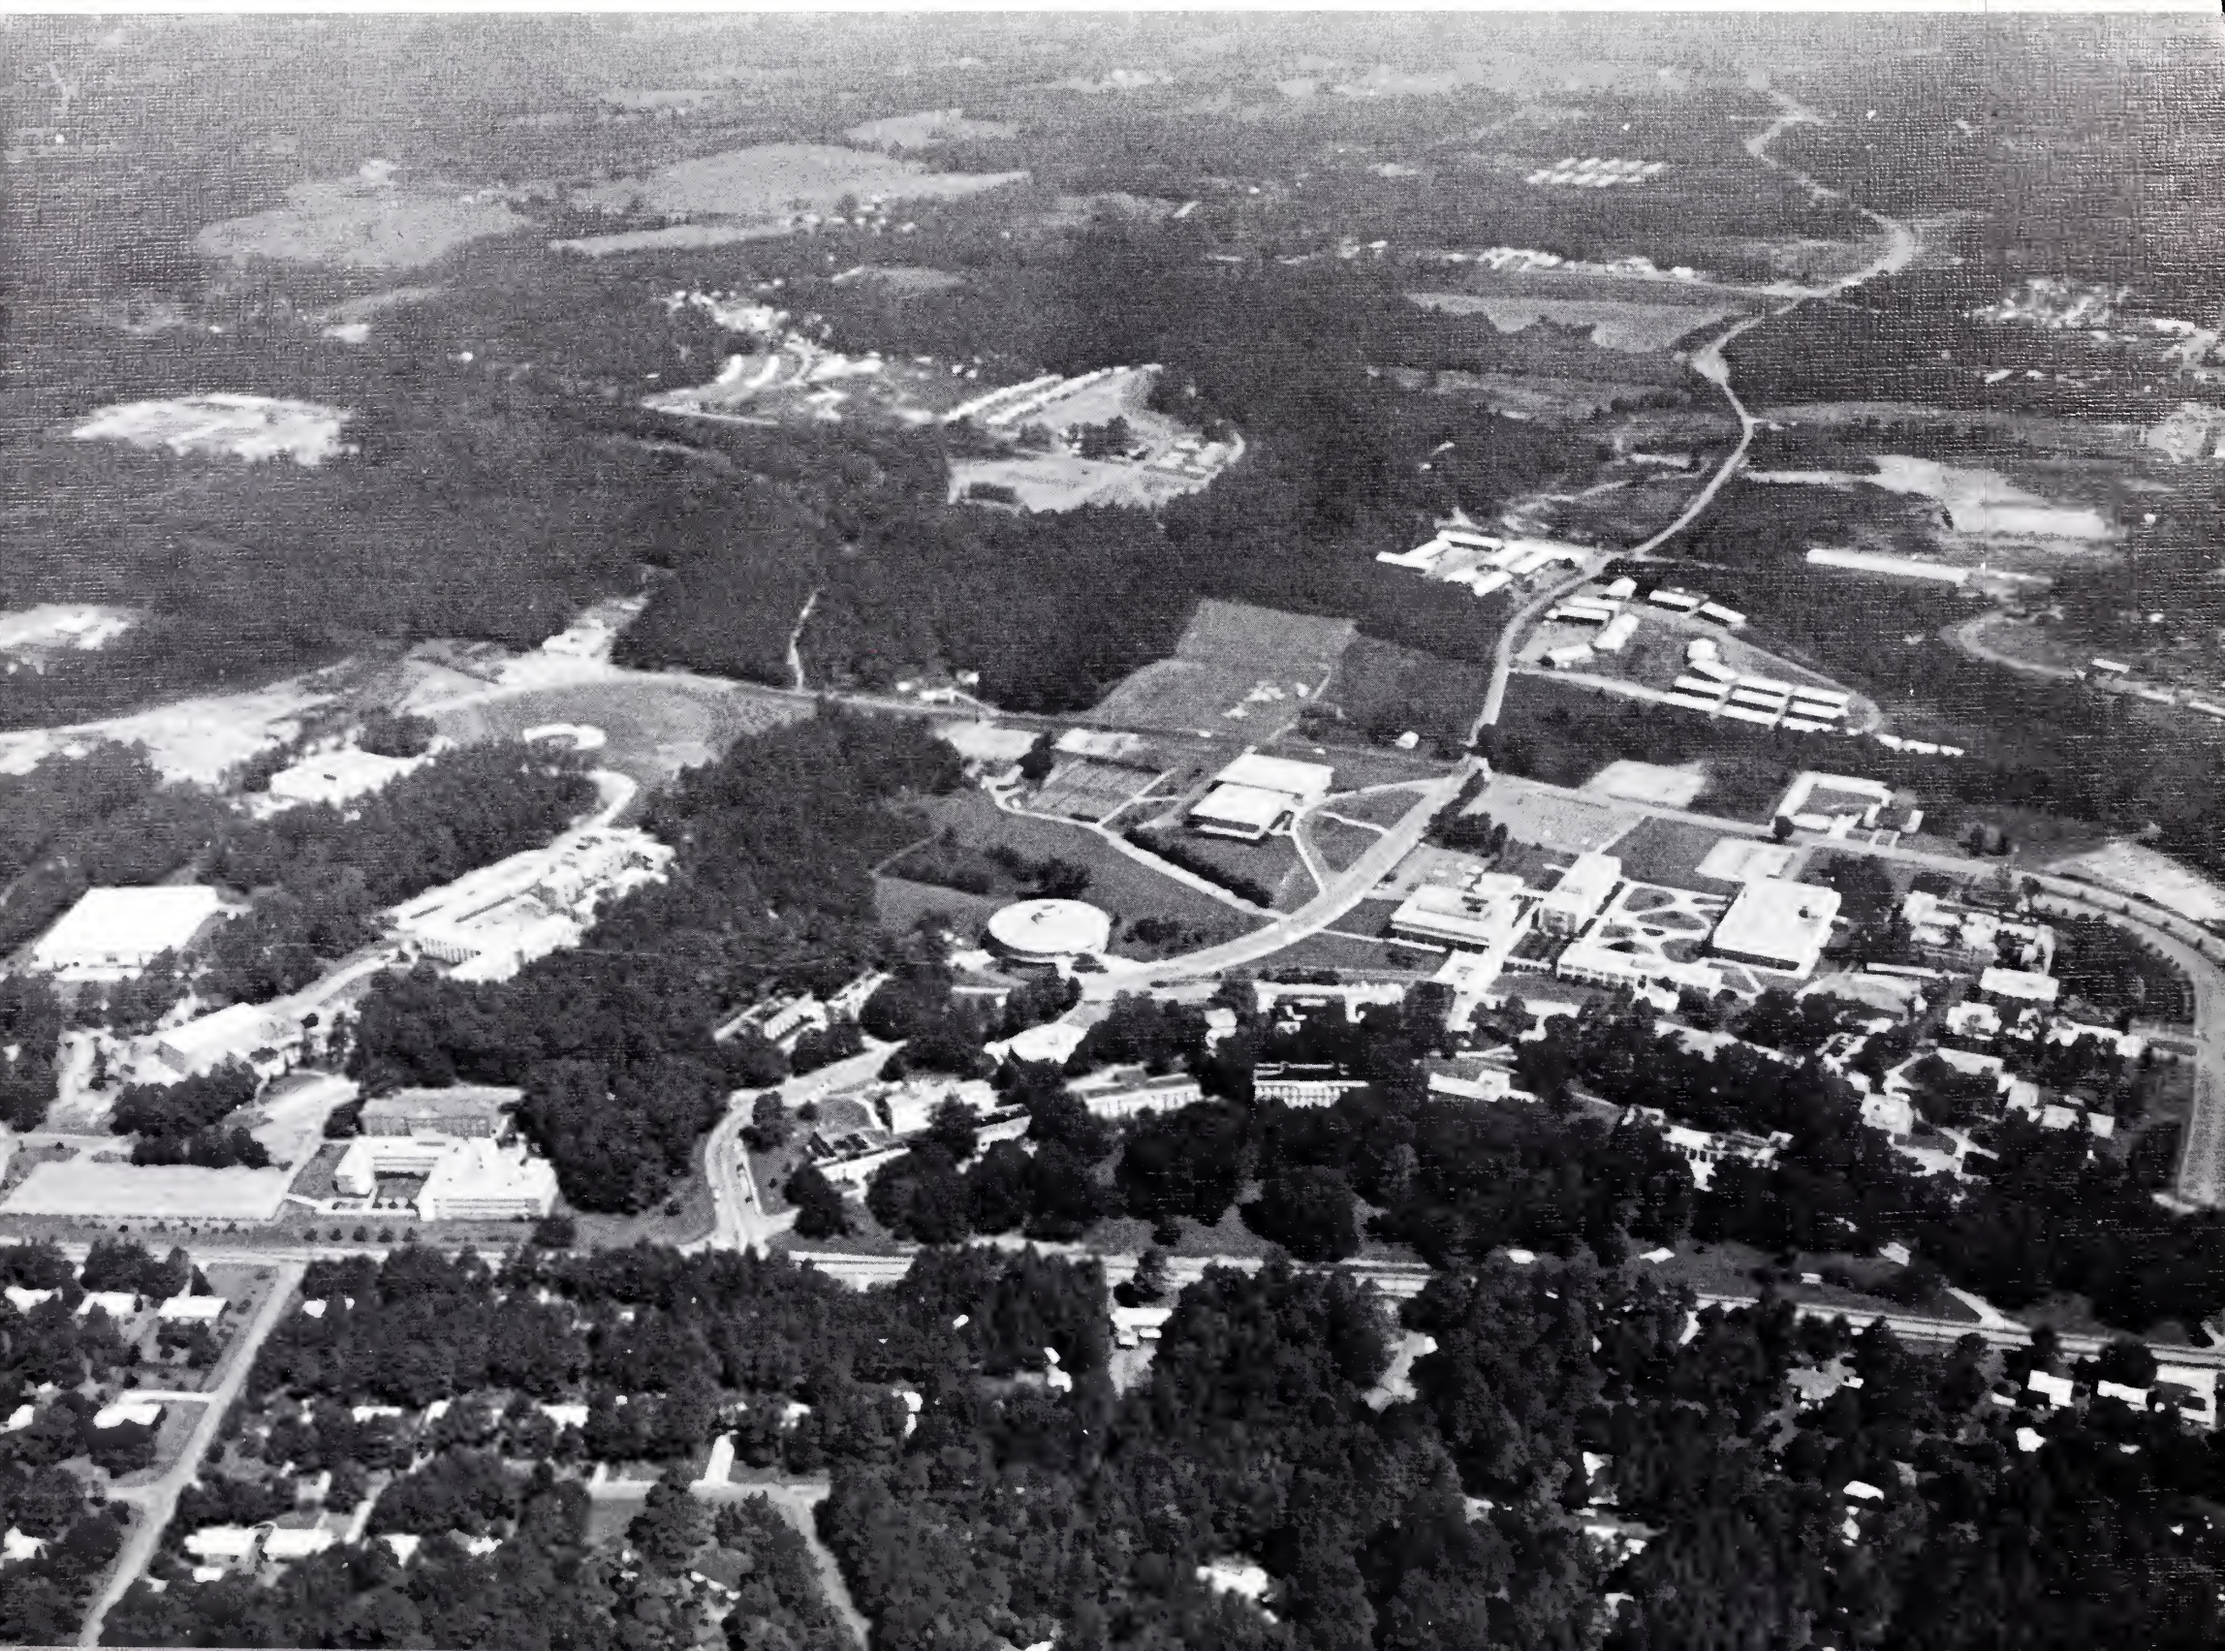
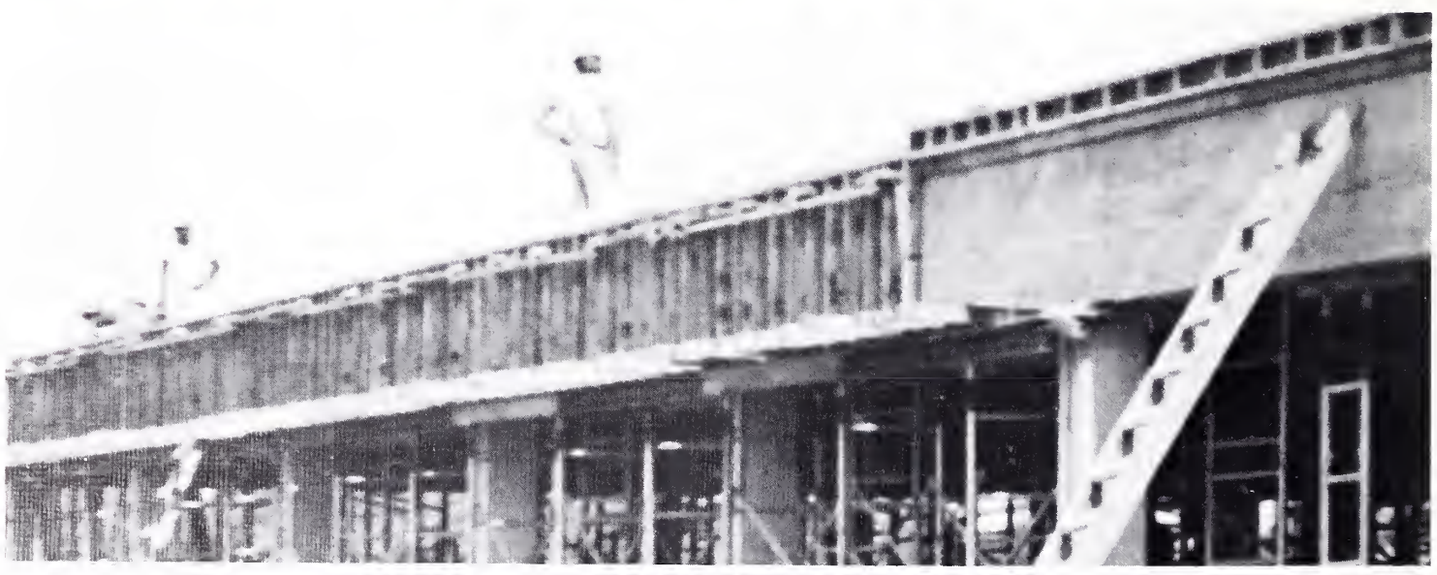
WEST GEORGIA COLLEGE
CARROLLTON, GEORGIA 30118

THE CHIEFTAIN '81



With an **enrollment** of some 5,000 students from 36 states and 16 foreign countries, and a teaching faculty that numbers nearly 300, West Gerogia is a "not too small, not too big" college. The College is **located** 45 miles west of Atlanta in Carrollton, Georgia, a town of some 18,000. Full and part-time **faculty** total nearly 300, over 60% of which hold the doctorate or other appropriate terminal degree. Faculty members come from throughout the nati n and world. More than 300 professional and support staff complement the teaching faculty. West Georgia's **campus** is composed of 400 acres of towering oaks, grassy laws, and thousands of shrubs and flowers, making it one of the most beautiful college scenes anywhere. The campus architecture combines the old styles from the early A & M School days with the most modern designs of today. The campus now includes some 50 structures of learning, residence and recreation which are valued at nearly $40 million. A free bus service serves the entire campus. There are more than 50 registered **student organizations** on campus, covering a wide variety of interests, from exploring caves and skydiving to lifting weights and debate. West Georgia has chapters of 18 national and social **fraternities** and **sororities** on campus. They are active in campus and community activities and provide many opportunities for involvement with with fellow students. "Rush" periods for pledging new members are held at various intervals throughout the academic year. Many **religions** maintain campus centers which serve the campus community. Ministers and priests are available to serve students through workshop services, personal counseling and group social and service activities. A very active **fine arts** student activities program includes the Concert Choir, Chamber Singers, Wind Ensemble, Jazz Ensemble and Concert Band. There are also quarterly exhibitions of student art and or theatre production is staged each quarter and student directed one act plays and an opera workshop are annual activities. All students are eligible to audition for such activities and there are a limited number of scholarships in several of these areas. West Georgia College has one of the top debate programs in the United States. In 1979 the WGC team was ranked third in the nation, having placed seven consecutive years among the top teams in the country, including such recognized powers as Harvard and the University of Southern California. **Student publications** include a weekly news paper, annual literary magazine and annual yearbook. Each of these publications has a student editor and staff. Also, West Georgia has a campus radio station which is managed and operated by students. It provides an alternative form of listening for the student population as well as a valuable tool for those students in the mass communications program. Presently, West Georgia maintains nine **resident halls** for men and women. Some 2,000 students reside on campus. Most halls are air-conditioned and include such features as a laundry room, study and typing carrels, kitchenettes, and television lounges. History is the originator for West Georgia's **new logo.** The granite memorial pictured above came to the campus from the McIntosh Reserve located south of Carrollton. Chief William McIntosh had a large granite stone hewn into steps for his visitors to mount their horses. The 200-year old rock has been on the campus since 1916 when it was moved from the McIntosh Reserve and used as a cornerstone in a girls' dormitory. It now rests in a park on Front Campus Drive and symbolizes a **"Step up to West Georgia College."**

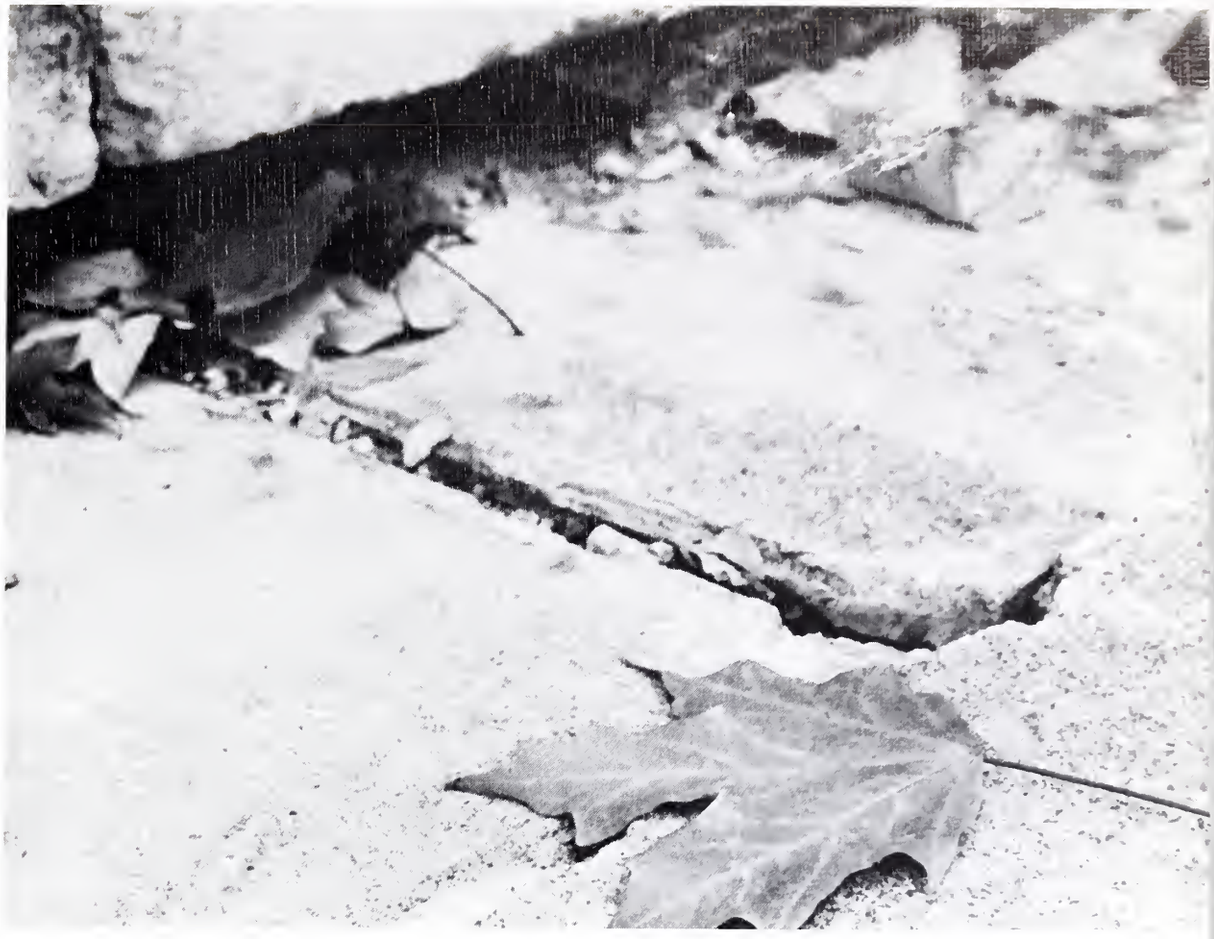
BIRTH OF AN ANNEX



And Finally . . . The Dedication

Last spring, the West Georgia College Library was renamed for Irvine S. Ingram, president of West Georgia and the preceeding Fourth District A & M School.

The West Georgia college library is one of the most modern, easily accessible, well-stocked libraries in the State of Georgia. The recent expansion now gives the four-level structure more than 110,000 square feet of space. It presently houses some 275,000 bound volumes, an extensive reserve of 1,500 magazines from around the nation and world, and nearly 1 million pieces of microtext. It is the district depository for United States government publications.



There's Plenty of Fun for the Big Kids During the Year

And the Campus Doesn't Sleep in Summer, Either

Marching bands, cheerleaders, day camps, drill teams, sports teams, over 6, 000 folks in all!

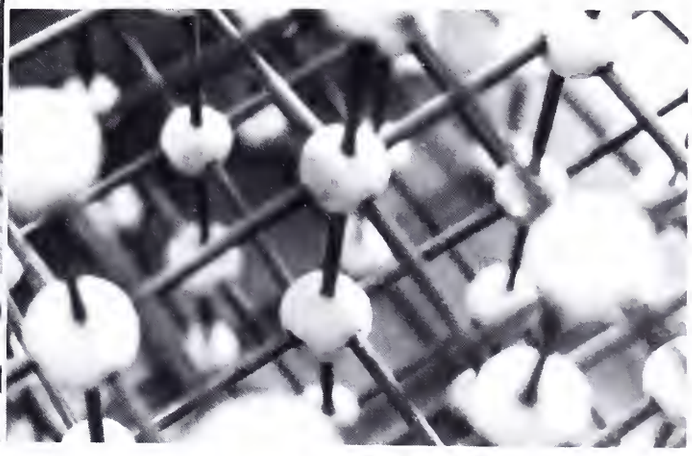
SPECIAL PROGRAMS



The ART Program

The past year saw significant additions to the curriculum in the Department of Art. Under the direction of Professor Ozzie Binion, Advertising Design was established as an area within the department.

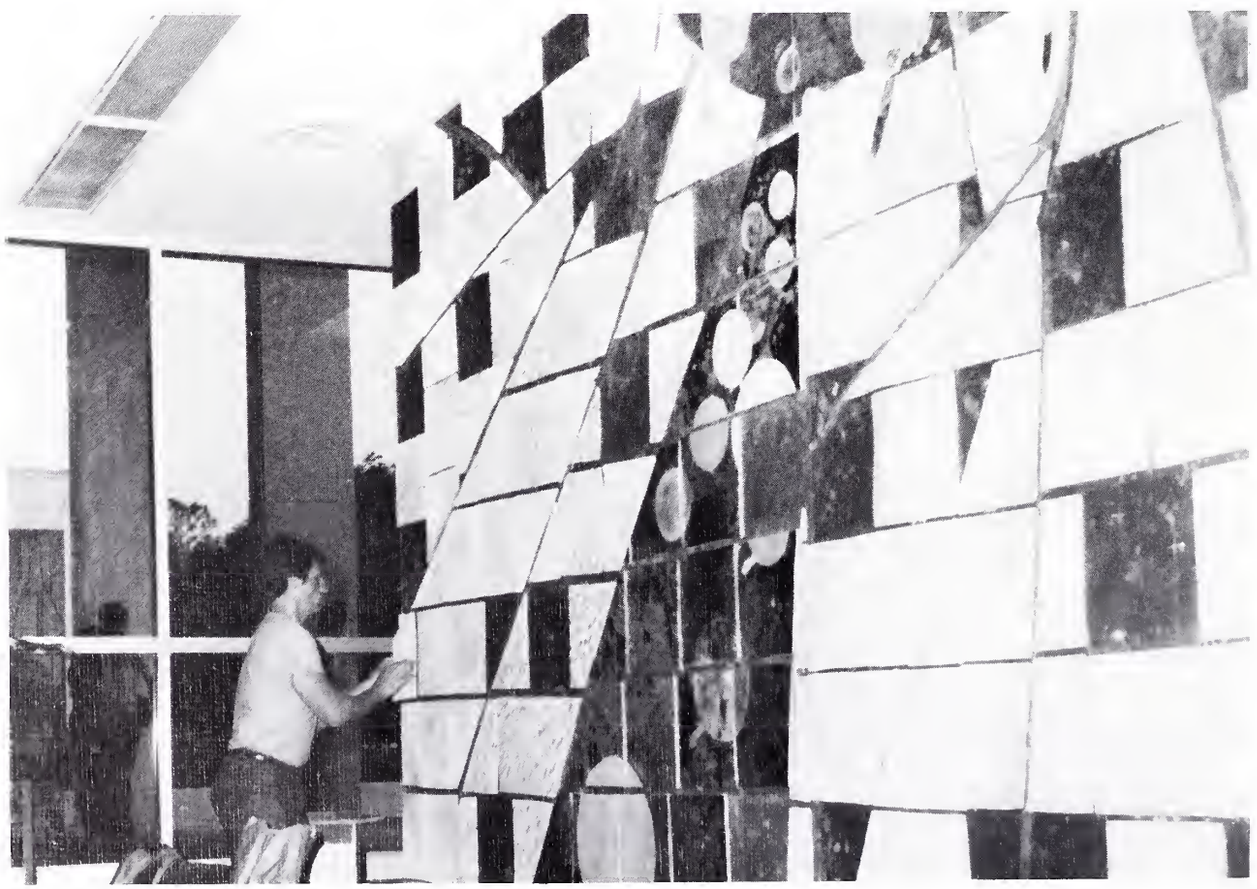
Two internships in Advertising Design were established with the Atlanta Center for Creative Services, and one with the Southwire Company in Carrollton. An internship in Fabric Design was instituted with the Milliken Company in LaGrange, Ga.

A trip to New York City as part of an Art History Seminar in which the major art museums were visited, was conducted by Professor Dotti Joiner. A total of thirty-two students made the trip and were fascinated by the "Big Apple". Other art history and studio classes visited the Birmingham Museum of Art in Alabama to view the permanent collection and see the travelling exhibition: "Art and Medicine".

A bronze and aluminum foundry was installed under the guidance of Professor Henry Setter. An electric kiln was added to ceramics. A radial arm saw with mitre attachments enabled the painting students to frame their work inexpensively.

Professor Bruce Bobick spent the summer in Cortona, Italy where he taught two courses in painting for the University of Georgia Studies Abroad Program.

Art students were active in exhibiting their works during the year. Undergraduate painting students Donna Porschatis and Carol Gee had watercolors accepted in the prestigious "Watercolor, U.S.A. Exhibition" at the Springfriend Art Mu-



at WGC

seum in Springfield, Missouri. Ms. Porschatis' work was awarded a purchase award as well. Also Jane Williamson and Donna Brown had watercolor paintings accepted in the Watercolor Society of Alabama Exhibition held at the Birmingham Museum of Art. Congratulations to these aspiring professional artists.

An Art Career Workshop was held on campus in which 225 high school students from area schools were actively involved, producing art under the direction of the art department faculty.

The Art Department provided a total of twenty-two exhibitions and lectures during the 1979-80 year.

A 171/2' x 9' ceramic mural entitled "Sporangium Disseminating Spores" by Bruce Bobick and Cameron Covert, was completed and installed in the addition of the library. In addition, Henry Setter completed a bronze relief of former WGC president Ingram for whom the library was named.

Prepared by Bruce Bobick
chairman, Dept. of Art

CONTINUING EDUCATION . . .

Continuing education is for every age and offered on a non-credit basis for a minimal fee or free. Some courses are co-sponsored with other campus departments as well as the County Extension Agency, the City and County School Systems and other agencies.

The 55-65 community service courses held quarterly are classified as personal, social, cultural, recreational, or educational and range from Antiques to 35mm Photography, with talented persons from the community and college faculty as instructors.

Studycades, traditional trips to points of interest, are made regularly ranging from mini-trips to Atlanta for dinner and the theatre to a visit to the North Georgia mountains in the fall.

In addition, many business, professional and technical workshops, conferences and institutes, which, together with the short courses, enrolled approximately 7,500 children and adults in various programs last year.

A Sampling of those programs is listed below:

(Short Courses/Community Services):

Backgammon, Cathdril Quilting, China Painting, Pen & Ink Drawing, Scuba Diving, Slimnastics and Basic Auto Mechanics.

(Professional Development):

The Nurse as a Human, Intimacy and Contact, Pharmacology Update, and Motivation Today.

(Children):

Children's Judo, Georgia Folk Art and History and The Young Scientist.

(Business and Government):

Accounting for Managers, Principles of Banking, How to Start and Manage a Small Business and Decision making.

1973-74
EST GEORGIA COLLEGE

FOREIGN

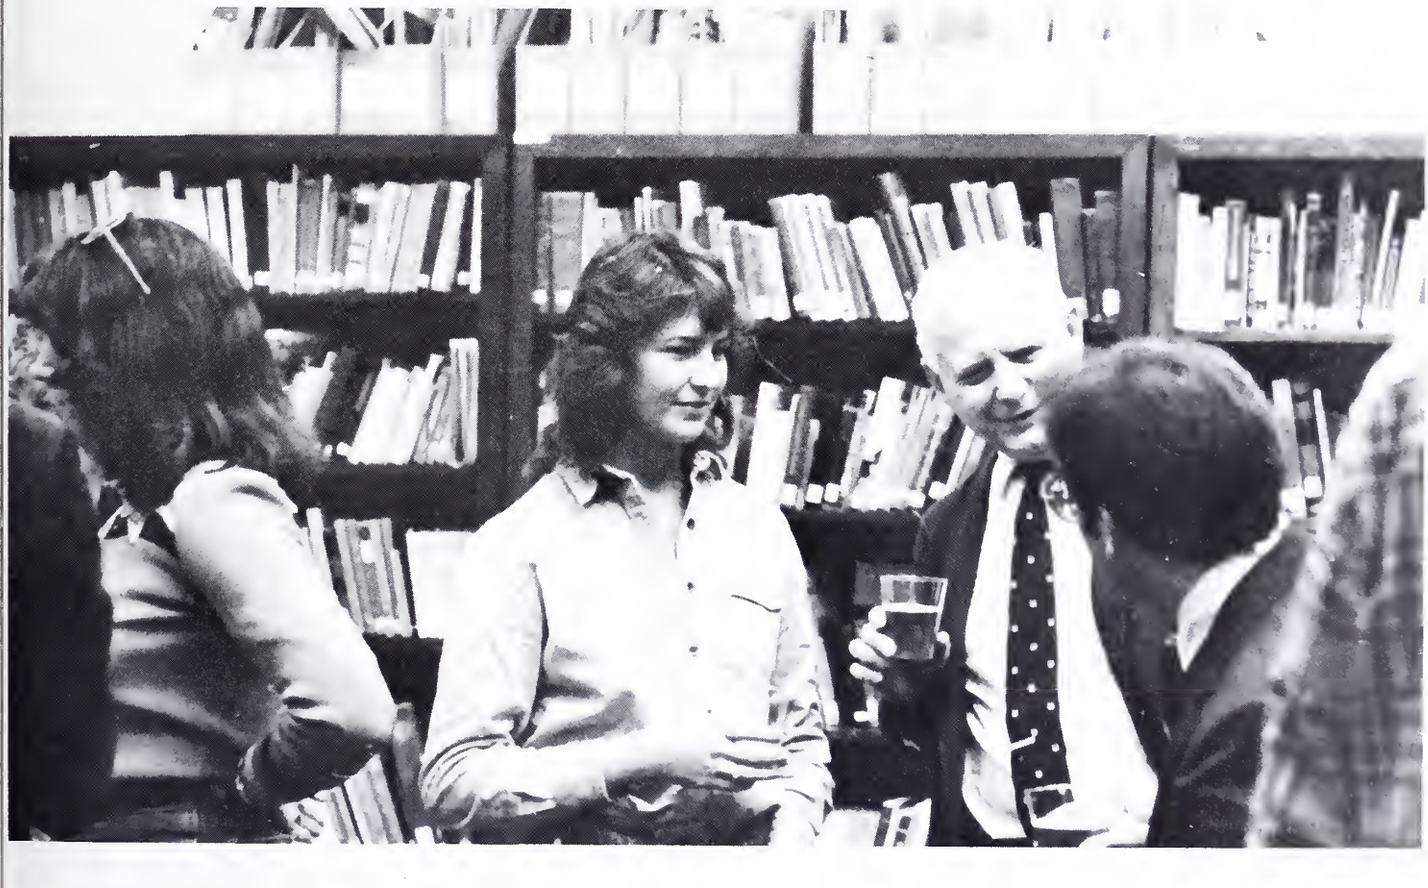
Karen Frasse and Dr. Dotti Joiner Serve Crepes on Language Day

Each year the highlight in the Language Department is the visit of Georgia highschool students and teachers to our campus on Language Day. On April 6 we had approximately 280 visitors who enjoyed a lively program of language competitions, an international concert, and cuisine from many lands prepared by our resident chefs—our own faculty! In the afternoon it was the students' turn to present a program of songs, recitations, and dramatic sketches, to the great enjoyment of a capacity audience. Equally successful later in the spring was the international sidewalk café, our contribution to the Fine Arts Festival. During the regular academic year and summer school we offer several mini-blocks in Spanish, French, German, and Latin. These accelerated courses offer students greater flexibility in planning their language programs, enabling them to complete the same coursework in half the time. On a social note, our International Club has met on several occasions, offering students the opportunity to practice their languages and to meet people from many lands. The small library in the Humanities building is available as a congenial meeting place for those interested in foreign languages and music. We look forward to seeing you there!

prepared by
Douglas Hilt, Chairman
department of Foreign Languages

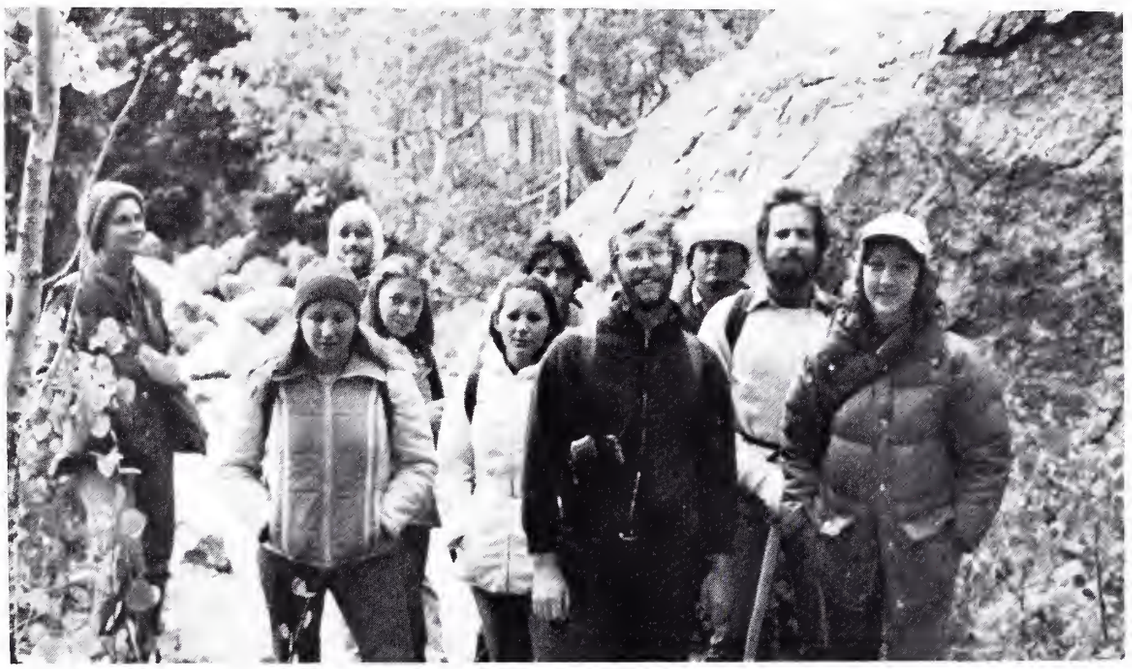
LANGUAGES

Over the past several years, the Language Lab has evolved to serve areas other than just Foreign Languages. In addition to maintaining tapes and other learning materials for language students, the lab has extensive holdings in other disiplines as well. Of course when you visit the lab, you will still find students studying Spanish, French, and German. But don't be surprised to find others viewing video tapes of speeches; music students listening to the great composers works; even Business Education students transcribing shorthand tapes. The lab is continuing to upgrade its equipment and services to better serve both the college and Carrollton communities.



Language students and faculty enjoy a fall quarter reception.

1980 GEOLOGY FIELD TRIP



AT ROCKY MOUNTAIN NATIONAL PARK—HIKE TO THE GLACIERS

DEBBIE DEEGAN AT 12,000 FT./ROCKY MOUNTAIN NATIONAL PARK

Putting up tents in the dark . . . Putting up tents in the rain . . . Sleeping under the stars . . . Cooking in the dark . . . Flies in Utah . . . Blisters from the Grand Canyon hike . . . Bats at Carlsbad Caverns . . . Fun at Las Vegas . . . Batheing in Hot Springs . . . Getting eaten up by mesquitos at the Great Salt Lake . . . Four days without a shower . . . Geological mapping in Hurricane, Utah (VERY hot) Student impressions were many during the annual geology fieldtrip in August. But there was one thing everybody could agree on: the trip provided some of the most fun they had ever had and they were glad to have gotten through it all. Tim Chowns, associate professor of geology, believes that, unlike other schools, West Georgia provides extensive field experience and cites the four month van/truck excursion through the western U.S. as one of the best learning experiences that could possibly be provided

MASS

COMMUNICATIONS

The Sound of MUSIC

The WGC Jazz Ensemble entertains visitors to the campus.

The following optional programs of study are available at WGC: Bachelor of Music in Music Education, Bachelor of Music in Performance, Bachelor of Music in Theory-Composition, Bachelor of Music Degree with emphasis in both Music Education and Performance. A number of performing groups gain valuable experience by participating in concerts, recitals and tours. They include: the Concert Choir, Chamber Singers, West Georgia Wind Ensemble, Jazz Ensemble, and Opera Workshop. The Honors Recital provides an opportunity for the exceptional student to perform in the annual Honors Day musical offering based upon their performance record and a faculty-juried audition.

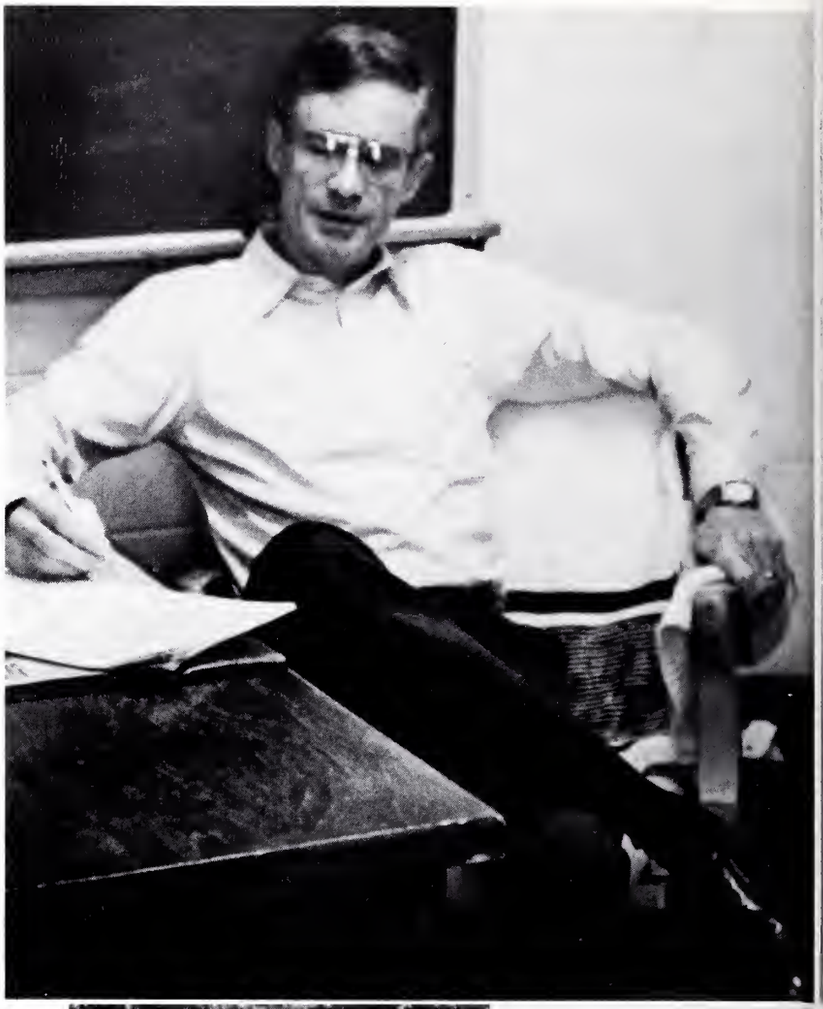
at WEST GEORGIA COLLEGE

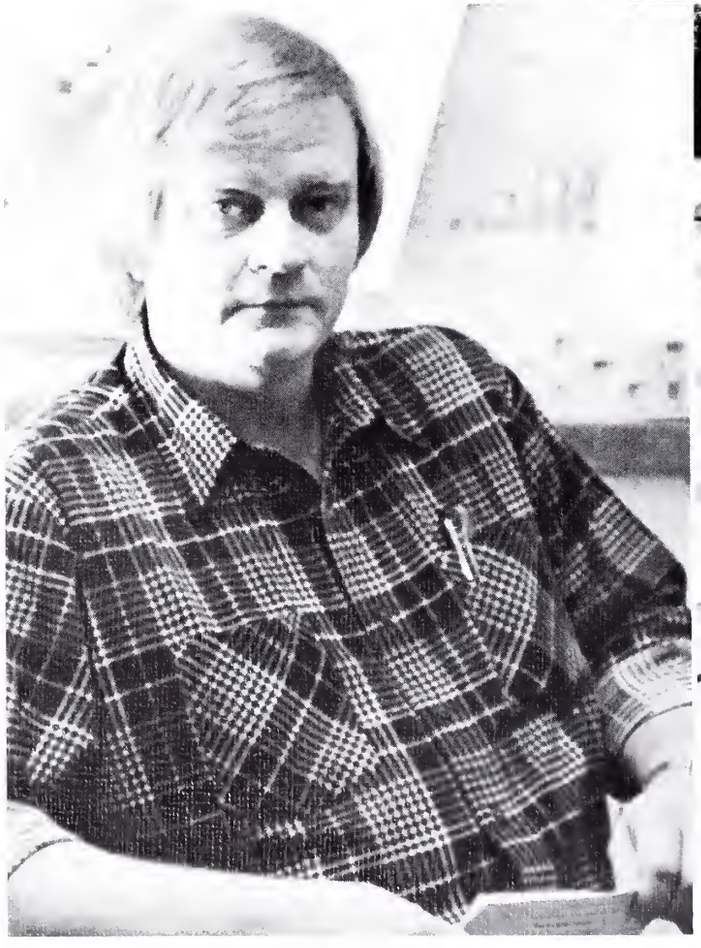
The student chapter of the Music Educator's National Conference is an active and important organization for music education majors. This organization frequently sponsors workshops of interest in the field of music education.

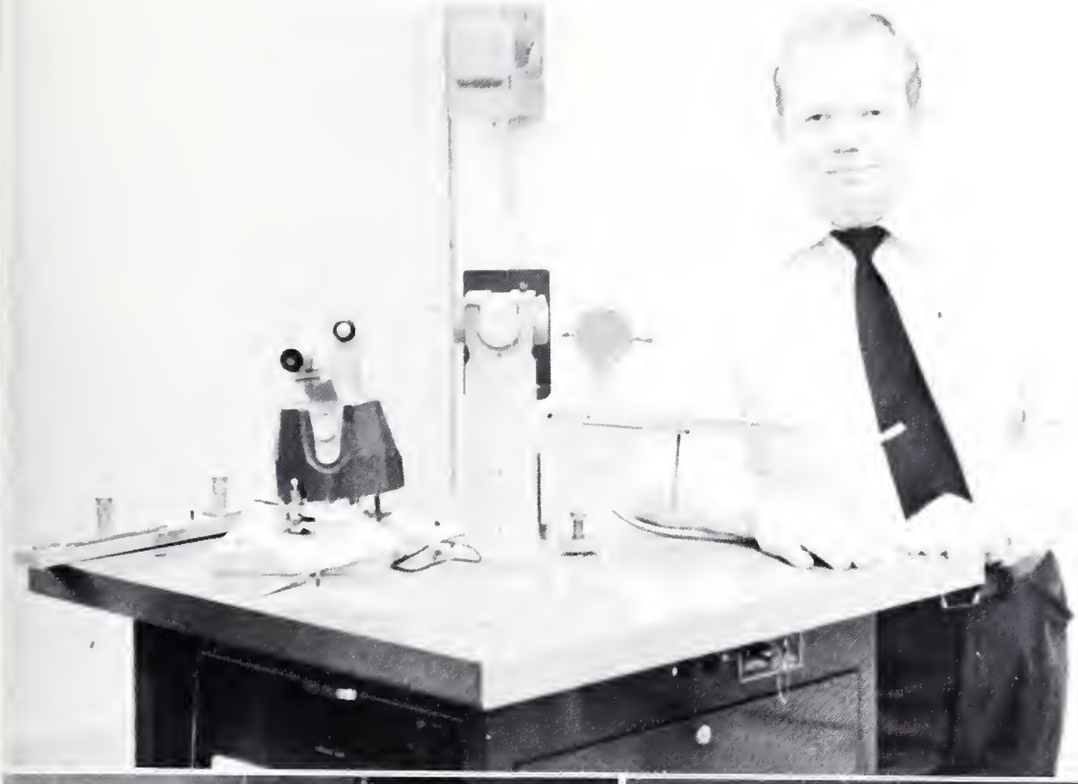
Delta Mu is an organization comprised of women music majors and minors. This a service organization which assists the Fine Arts Department with many functions, in addition to sponsoring guest recitals.

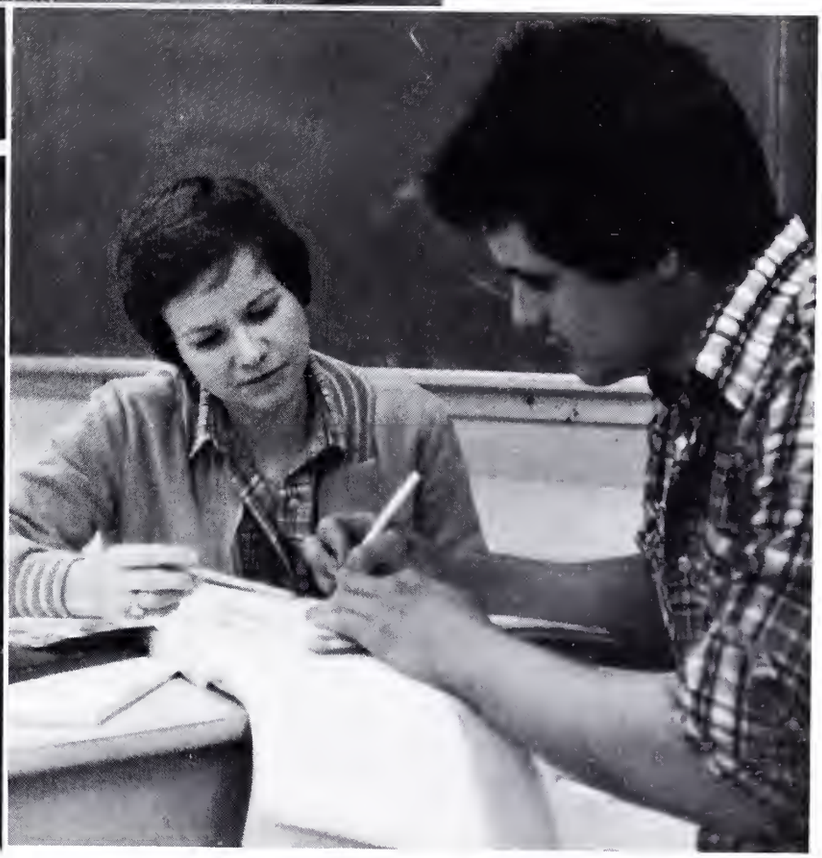
In the competition sponsored by such organizations as GMTA and NATS our students have consistently received high placement and recognition.

OPERA WORKSHOP









SPEECH and THEATRE

ONE FLEW OVER the CUCKOO'S NEST, THE DIARY of ANNE FRANK, and THE SURVIVAL of SAINT JOAN are among past theatre productions. Each fall a major drama is staged for a week-long run. Winter quarter offers major productions such as WHO'S AFRAID of VIRGINIA WOLFE as well as a festival of student directed one-act plays.

Scenes from professor Rick Asam's THE LEGEND of the MAGIC BAUBIE. Winter Quarter, 1980

Music and theatre combine in the spring for a week-long performance of a musical such as SOUTH PACIFIC, MAN of La MANCHA, and CAROUSEL.

STUDENTS

(editor's note): The 172 students pictured in this section represent less than 10% of the total student enrollment. It's little wonder that in many circles West Georgia isn't taken seriously. 4,000 apathy majors can't be wrong!

And they're off:

Hundreds of students (at right) surge forth in a race for that coveted place at the head of the line. The fight doesn't end there, however. The students below battle it out at the entrance of the Education Center, site of the quarterly carnage. Once inside, it's "hurry up and wait."

Mainly MiME

“

☆ The most exciting young mime performers in America

Patricia Ryan, Drama Dept
Stanford University

☆ Miss Wildau did some of the best and most innovative interpretive work I've ever seen.

University of Santa Cruz

☆ Katie Bentley... has to be one of the most gifted young mimes on the stage... she's not merely graceful but infinitely skillful.

Elliot Norton,
Boston Herald American

☆ Amazing concentration ability... I have difficulty believing that no props were used...

Tufts Observer

☆ ...earthy, warm, direct- homing in on the everyday touches that illuminate human action...

Arthur Friedman,
The Real Paper, Boston

☆ So adept at defining special limitations and keeping to them... wonders of economic disciplined stage activity.

Christian Science Monitor

☆ Spontaneous, sophisticated...

Barnard College

☆ The best “Friday's” program of the season...

Cleveland Orchestra Guild

☆ Variously side-splitting and charming.

Peter Bellamy,
Cleveland Plain Dealer

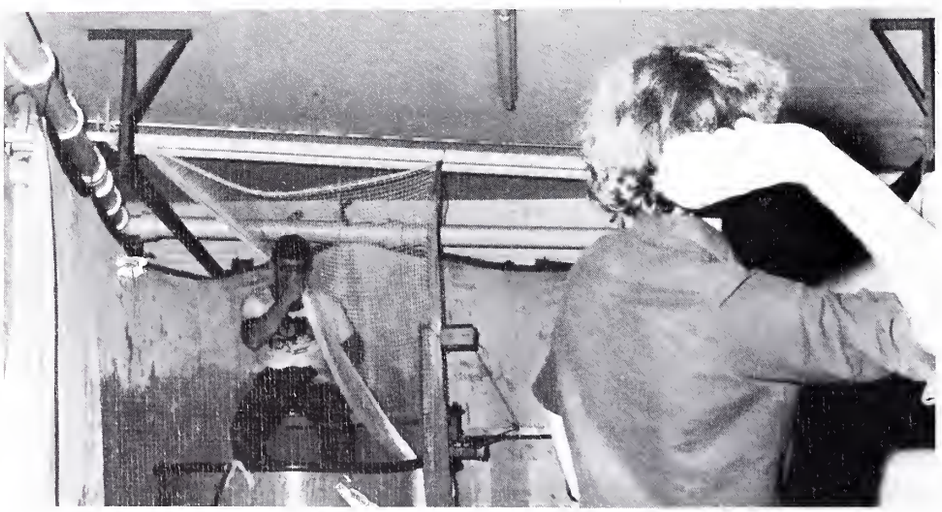
WINTER CARNIVAL 1981

The face painting booth, sponsored by the Student Council for Exceptional Chi dren, drew these two would-be clowns: Britt Kelley (left) and Randy Cook.



Assistant Braves baseball coac Skip Fite is targetted for dunking by Mike Mead.

Visitation Day Winter Qtr.

Some 1,500 area high school students and their parents descended on the campus for the quarterly visitation day in February. The college uses these days as opportunities to "show their stuff" to prospective students who are shopping for institutions of higher learning.
